

Athwika Lakshmi Tulasi Gade

Enthusiastic college student seeking an internship to leverage strong communication, teamwork, and problem-solving abilities.

Objective

"Apply programming skills and problem-solving to innovative software development projects."

I am an enthusiastic college student with substantial coursework and hands-on experience in Google Workspace and MS Office. I am seeking an internship to leverage my skills and gain practical experience in a dynamic setting. I am committed to making meaningful contributions and advancing my professional skills.

Skills

Programming Languages

Python, Java, C#, JavaScript, TypeScript

Databases

MySQL, MongoDB, DBMS, Hadoop

Development Areas

Full Stack Development, Mobile Application Development, Software Development

Frameworks & Libraries

Pytorch, TensorFlow, React, NodeJS

Tools & Platforms

Google Workspace, AWS, Azure, Figma, Big Data, ETL, Data Modeling, Git, Microsoft Office, Bootstrap, APIs, Agile

Soft Skills

Written Communication, Analytical Thinking,
Critical Thinking, Problem Solving, Quantitative
Analysis

Experience

Intelligent Automation Virtual Internship

Sep - Nov 2023

Developed automation solutions to streamline processes and improve efficiency. Created machine learning models to enhance predictive accuracy using tools like UiPath, Python, and Data Science.

AIML Virtual Internship

May - July 2023

Developed automation solutions to streamline processes and improve efficiency.

Education

School Name	Degree/Major	Graduation Date	CGPA
Pittsburg State University, KS, USA	Bachelor's in Computer Science Major	2021-2025	3.8
Malla Reddy University, Hyderabad, India	Bachelor's in Technology - Computer Science with AIML Specialization	2021-2024	3.8
Sri Vishnu Junior College	High School	2021	96%
Blooms High School	Secondary School of Education	2019	98%

Certifications

Course	Date Completed
Digital Marketing by Google	04/01/2022
Android Fundamentals with Capstone Project	12/09/2022
Guvi Game using Python	02/21/2023
AWS Cloud Foundations	05/25/2023
Speak English Professionally	05/27/2023
RDBMS	05/27/2023
Mathematics for Machine Learning	05/27/2023
Intro to CSS3	05/27/2023
Intro to AI by IBM	05/17/2023
Create Informative Presentations with Google Slides	11/21/2022
HTML5	10/20/2023
DV using Microsoft Excel	11/24/2023
Python Data Structures	11/24/2023
DV in PowerPoint	11/24/2023

Work Simulations

Company	Role	Date Completed
Verzion	Cloud Platform	Sep 2024
BCG	GenAI	Aug 2024
JP Morgan	Agile	Sep 2024
Lloyds Banking Group	Data Science	Feb 2024

CBRE	Project Management	Jul 2023
Datacom	Software Development	May 2023
TATA	Data Visualization	Feb 2023
Accenture	Data Analytics and Visualization	Feb 2023

Projects

Project	Publication
Voice Control Virtual Assistant	IJSREM
Regulatory Compliance Impact Assessment	IJIRT
American Sign Language Detection using Deep Learning	IJIRT
Sustainable Banking Initiatives Project	IRJMETS
Crop Yield Prediction using ML	IJIRT
